

MACARENA A. ALIBERTI

Junior Full Stack Developer | Next.js · React · TypeScript · NestJS

Buenos Aires, Argentina | +54 11 4045 8808 | alibertimacarena@gmail.com | Available for remote work (GMT-3)

LinkedIn: [linkedin.com/in/macarena-aliberti-dev](https://www.linkedin.com/in/macarena-aliberti-dev) | GitHub: github.com/MacarenaAliberti-web | Portfolio: macarenadev-portfolio.vercel.app

PROFESSIONAL SUMMARY

Junior Full Stack Developer with production projects (an e-commerce store and a scheduling SaaS) built with Next.js, React, TypeScript, NestJS, Prisma and PostgreSQL. Experience as a Teacher Assistant at Henry Bootcamp, supporting a full cohort with technical guidance and code reviews, and more than 10 years of experience as a Physical Education teacher. Looking for my first developer role on a remote team.

SKILLS & TECHNOLOGIES

Frontend: Next.js, React, TypeScript, JavaScript (ES6+), Tailwind CSS, Shadcn UI, HTML5, CSS3, Context API

Backend: NestJS, Node.js, Express, REST APIs, JWT (httpOnly cookies), Google authentication, Mercado Pago integration

Databases: PostgreSQL, Supabase, Prisma ORM, MongoDB (Mongoose)

Testing & tools: Jest, Postman, Swagger, Git, GitHub (Projects/Kanban), Vercel, Render, Figma

PROJECTS

MaletFit | Full Stack Developer (personal project in real use) | Remote | 2026 – Present

- Scheduling, booking and workout-routine management platform, used today with about 15 students in my online classes (sign-up, bookings and routine assignment).
- Stack: Next.js 16 (App Router), TypeScript, Tailwind CSS, Shadcn UI, NestJS, Prisma ORM, PostgreSQL (Supabase) and Jest.
- Solved race conditions in bookings with PostgreSQL Serializable-isolation transactions and automatic retries on conflicts (P2034), plus an automatic waitlist.
- JWT authentication in httpOnly cookies and role-based access control (student, instructor and admin).
- Asynchronous, fault-tolerant email notifications through the Brevo API (8 types of transactional alerts).
- Unit tests with Jest across the backend modules. Deployed on Vercel and Render.

Demo: maletfit-frontend.vercel.app | Code: github.com/MacarenaAliberti-web/maletfit-frontend and [maletfit-backend](https://github.com/MacarenaAliberti-web/maletfit-backend)

ZHYRA.online | Full Stack Developer (freelance, team of 2, in production) | Remote | March 2026 – Present

- Full stack e-commerce built as a team, implementing each feature end to end (frontend and backend) with Next.js, React, Tailwind CSS, NestJS, TypeScript, PostgreSQL (Supabase) and Prisma ORM.
- Designed and built a large part of the frontend: home page, product cards, cart and checkout, using Context API for state.
- Google login (third-party authentication) and payments integration with Mercado Pago.
- Admin panel: promotions (2x1, 3x2, discounts by item or category), coupons, shipping settings and a “store under construction” mode.

Site: zhyra.online

Hearts & Paws | Frontend Developer and UI Designer (final project, Henry Bootcamp) | May 2025 – June 2025

- Designed the UI in Figma and built a large part of the frontend of a web platform for animal rescue and adoption organizations, with React, Next.js and Tailwind CSS. Responsive interfaces, in a team of 6 (3 frontend and 3 backend).

Figma design: [figma.com/design/0xb7qDtuRhZQuJZtV6cKuM/Home?node-id=7-106](https://www.figma.com/design/0xb7qDtuRhZQuJZtV6cKuM/Home?node-id=7-106) | Code:

github.com/MacarenaAliberti-web/frontend-hearts-paws

Movie Manager (Gestor de Películas) | Individual Full Stack project (Henry Bootcamp) | December 2024 – January 2025

- App with a JavaScript, Bootstrap and Webpack frontend and a REST API built with Node.js, Express and MongoDB (Mongoose) to browse, add and delete movies. Code: github.com/MacarenaAliberti-web/gestor-de-peliculas

EXPERIENCE

Teacher Assistant (TA) | Henry Bootcamp | Remote | May 2025 – December 2025

- Supported a cohort of about 20 students from start to finish over the 8-month Full Stack program, providing remote support via Discord.
- Technical and pedagogical support in React, TypeScript and Node.js, resolving weekly technical blockers.
- GitHub code reviews with feedback on programming best practices. Facilitated group activities.

Physical Education Teacher | 2013 – Present

Public schools of the Province of Buenos Aires, Ituzaingó | March 2017 – Present

Instituto Buenos Aires, Isidro Casanova | April 2019 – May 2025

Swimming, gym, personal classes and camps, at various institutions | 2013 – Present

- Planned and taught Physical Education classes for preschool, primary, secondary and adult groups; also worked as a preceptor (student supervisor) in secondary school.
- Clear communication with groups, conflict resolution and working under pressure.

EDUCATION & LANGUAGES

- Full Stack Web Developer — Henry Bootcamp | November 2024 – July 2025
- Licenciatura (Bachelor's) in Physical Education — UNLaM | 2020 – 2022
- Profesorado (Teaching Degree) in Physical Education — UNLaM | 2012 – 2016
- Languages: Spanish (native); English (basic, reading technical documentation)
